

This is to certify that  
**Portsmouth Aviation Ltd**

Airport Service Road, Portsmouth, PO3 5PF, Hampshire

Has been assessed  
by Alex Drabek for IT Governance Ltd  
against the Cyber Essentials Scheme Test Specification

Level of certification: Cyber Essentials PLUS

Scope: The Internet facing infrastructure, firewalls and end user devices for Portsmouth Aviation offices in Portsmouth

Certification date: June 10th, 2016

Recommended re-assessment date: **June 9th, 2017**

Certificate no.: 2875248771937792

This Certificate confirms that the organisation named was assessed against the Cyber Essentials Requirements dated June 2014, and at the time of testing, the organisation's ICT defences were assessed to meet the Requirements. Cyber Essentials Certification indicates that the organisation has implemented a sensible baseline of organisational cyber security only, and implies no guarantee of effective defence against commodity cyber attacks circumventing this baseline. Organisations are recommended to define and understand the risks to their organisation and take all appropriate action to mitigate or reduce any issues, which may require a greater degree of rigour or technical investment than is required for Cyber Essentials alone.
